

Help Us Help You!

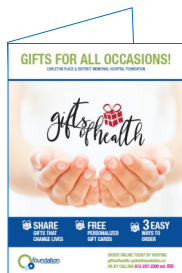

The Carleton Place & District Memorial Hospital is a very special place. It's our local community hospital for which you can depend for our quality care and service close to home. You may have your own personal story or know of others which have touched your heart. Its hearing stories about the care provided during your stay and receiving gifts of appreciation that are so very special and important to what we do.

Many people in our community still do not know that the Ministry of Health and Long Term Care funds programs and services, but not patient care equipment. The reality is that we need well-functioning, reliable equipment that meets the current needs and high standards of care we aim to give our patients. Donor support means that we are able to provide this equipment to the many patients who walk through our doors each day.

CPDMH staff who are ready to help you!

"I am truly grateful that our community supports our hospital to ensure we have the needed equipment to help us help you." — Iris Rawlings, ER Nurse

Please consider giving a gift today by visiting us online at donate.cpdmhfoundation.ca or call us at **613-257-2200 x 856**. We would love to speak to you to tell you more about the equipment needed this year and to hear *your* story! Also and for a unique and new way to show your support, our **Gifts of Health Gift Catalogue** is a wonderful way to give a personalized meaningful gift for all occasions while helping to fund a specific piece of much-needed equipment. Visit us online at giftsofhealth.cpdmhfoundation.ca or call to request your FREE copy of the **Gift Catalogue** today. Thank you for *helping us help you!*
