

Our Patients, Residents and Families Say It Best.....

Nursing Week is an opportunity to thank the exceptional Nursing staff in Almonte General Hospital, Carleton Place & District Memorial Hospital and Fairview Manor for the care, dedication and professionalism they give to our patients and residents every day of the year. The words of our patients, residents and families describe why we are so appreciative of our Registered Nurses, Registered Practical Nurses and Personal Support Workers.

I want to say thank you for all of the support, advice, encouragement help and smiles you gave to me while I was recovering...Every nurse I had the pleasure to meet was very friendly, knowledgeable and very dedicated! Thank you again for being such

angels "in human form".

Carleton Place Hospital patient

"The entire time I was in hospital the nursing staff were all so kind, caring and attentive. I have not stayed in a hospital for many years but this was by far the best experience, despite my discomfort from the surgery, that I have ever had." Almonte General Hospital patient "You listened when she could not speak but you tried to understand. You made her laugh. You gave her unconditional hugs to comfort her. I am so proud that her life although not what one would wish for was made special by all of you."

Fairview Manor family member
