

What a Party! Thanks For Your Support

65 years of caring and lending a helping hand at Carleton Place & District Memorial Hospital is a great reason to celebrate - and the CPDMMH Auxiliary did just that at their “Happy Anniversary Bash” on June 2nd. The community family day at Riverside Park was a big hit with something for everyone from parrots and reptiles to entertainment and a BBQ. There was even a Teddy Bear MASH tent, hosted by three CPDMMH doctors. More than 25 Auxilians plus other hospital and community volunteers were on hand to help.

“We wanted to thank our supportive community,” notes Marg Leblanc, Auxiliary President. “Seeing the smiles on everyone’s faces and how much fun everyone was having made all the work worth it. I think the Auxiliary members had more fun than anybody else!”

Thank you to the amazing CPDMMH volunteers for everything you do - every day. Happy Anniversary!

Thank you to the many supporters of this community event:
